NOGAS NEWSLETTER

JANUARY 2011

The holiday season has come and gone and we are now in the heart of the winter season. We at Nogas Landscaping would like to give you an updated look at what is expected of our crews this upcoming month. Our crews will be performing a general clean up of your property to resolve any snow plow damage that may have occurred and to keep it looking top notch.

Our main focus for this month will be ensuring that all snow removal needs for your property are met. Our number one goal is customer satisfaction; and we strive to please all of our customers. If there is ever anything that you feel we can do to make this winter season as bearable as possible, please do not hesitate to call or email us, as we are eager to discuss any issues or concerns.

Please keep in mind that Spring is right around the corner; if you would like us to bid any upcoming work, please feel free to call or email us at your earliest convenience so we can effectively schedule work as the weather breaks.

Thank you for your time and we look forward to servicing you this upcoming year.
